2017 Greater DC / Virginia Regional Botball® Tournament Results

Overall

1   Walter Johnson High School (17-0571)
2   The Bots Who Say Ni (17-0314)
3   Legacy Robotics (17-0341)
4   Dead Robot Society (17-0006)
5   Holton-Arms School (17-0105)

The Overall winners for Botball® are determined by Double Elimination rank, Seeding Round scores and Online and Onsite Documentation scores.

Double Elimination

1   Legacy Robotics (17-0341)
2   Walter Johnson High School (17-0571)
3   Annandale High School (17-0274)
4   The Bots Who Say Ni (17-0314)

Robots from two different teams compete on the game board simultaneously in an effort to score as many points as possible, but also to keep their opponent from scoring. Double Elimination placement makes up about one-third of the overall Botball® score.

Seeding

1   Dead Robot Society (17-0006)
2   Walter Johnson High School (17-0571)
3   The Bots Who Say Ni (17-0314)
4   Legacy Robotics (17-0341)

In the Seeding Rounds, teams run their robots unopposed and attempt to score the most points possible. Seeding round scores determine initial placement in the Double Elimination bracket and account for about one-third of each team's overall score.

Outstanding Documentation

Legacy Robotics (17-0341)

Botball® teams are required to complete documentation covering their work on their competition robots. Documentation scores determine about one-third of each team's overall score.
