

# Ever wanted to launch eggs into space? **We'll pay you...**

And we'll pay your friends too. Your school can compete against other schools and organizations from across the country for its share of \$60,000 in prizes!

Thousands of students each year compete in the Team America Rocketry Challenge, a nationwide model rocket contest and the largest competition of its kind.

To win, each team must design, build, and fly a model rocket carrying a raw egg and return it safely to the ground while staying aloft for a predetermined amount of time. Whoever is closest wins!

Join us this year as we Celebrate the World Year in Physics which marks the 100th year anniversary of Einstein publishing his papers on relativity.

For more information, please visit our website at **[www.rocketcontest.org](http://www.rocketcontest.org)**.

Application Deadline - November 30, 2004
